September 23, 2008 - Kuala Lumpur – Members in Asia Data Center Alliance (ADCA), including 4 countries, AIMS (Malaysia), CMC (Vitenam), 1-NET (Singapore) and TCCT (Thailand) have met and discussed several topics
at AIMS, KL. The purpose of the meeting is to define the scope and action plans for marketing and technical committees.

Following the steps in the action plan, ADCA will come up with the concrete collaboration model and business strategies, then plan to meet again to reach the definite agreement in Bangkok.
